FIRE ALARMS

Churches Fire & Security have over three decades of experience in the fire safety sector and are able to provide a wide range of fire alarm services.

All of our fire alarms meet the LPS 1014 specifications audited by The Loss Prevention Certification Board (LPCB) and we are registered under the BAFF SP201 scheme.

DESIGN, INSTALLATION & COMMISSIONING

Churches Fire & Security works to design effective fire alarm systems tailored to the needs of our clients. We work with businesses both large and small to recommend and supply the best in fire alarm systems from the leading manufacturers.

We are certified to install all types of fire alarm systems including single-point smoke, heat and carbon monoxide detection, beam detection, wireless, air sampling (aspirated) and gas suppression systems. Our experienced team have completed work on a wide variety of building types and can assess your site for the most appropriate category of alarm system.

Installation and commissioning work is undertaken by our highly trained technicians with minimum disruption to your business. Once your alarms have been installed and commissioned, full operation training will be provided for your team at a time convenient to you.

SERVICE & MAINTENANCE

Once fire alarm systems are in place, Churches Fire & Security works to design effective fire alarm systems tailored to the needs of our clients. We work with businesses both large and small to recommend and supply the best in fire alarm systems from the leading manufacturers. We recommend regular servicing in accordance with BS5839.

Our servicing and maintenance contracts are adapted to suit your business needs and ensure compliance at all times.

Service will be carried out by our regional technicians who partner with your staff to fulfil your alarm servicing requirements. Our technicians are proactive in looking for any problems or hazards and are often able to provide a first-time fix.

The Churches Fire & Security lock ups located around the UK ensure that spare parts and products are readily available if required.

Alongside regular maintenance visits, Churches Fire & Security are available for emergency call outs 24 hours a day, seven days a week, ensuring that we are available when you need us most.

24/7 FIRE ALARM MONITORING

Protect your property and assets when your building is empty via our fire alarm monitoring services. Churches Fire & Security is a DualCom partner who provide industry-leading fire alarm monitoring systems. Upon activation of your fire alarm, automatic alerts are sent to local emergency services and nominated staff members, enabling a fast response to your property.

Get in touch with Churches Fire & Security to discuss how we can fulfil all of your fire safety requirements. Contact us on **0345 646 1760** today.
