

CASE STUDY

Bupa UK

Churches Fire & Security works in partnership with Bupa UK, a leading healthcare specialist.

Offering health services including insurance, dental treatments, mental health support and care homes, we provide vital planned preventative maintenance and remedial fire and security services across numerous Bupa UK sites.

OUR TRUSTED SERVICE SOLUTIONS

With a requirement for fire and intruder alarms, monitoring services and sprinkler system servicing, key personnel from Churches Fire & Security quickly established a strong working relationship with the team at Bupa.

Planned maintenance visits across the Bupa portfolio are coordinated to ensure the required 100% safety compliance levels are met. With fire and intruder alarms in place, monitoring services from

our in-house centre provides peace of mind that sites are continually protected.

Monthly meetings are held with our National Account Manager and Key Account Executive, giving Bupa the opportunity to discuss queries and explore additional services from Churches Fire.

BENEFITS OF WORKING WITH CHURCHES FIRE & SECURITY

- ✓ National fire and security protection
- ✓ Compliance assurance to British Standards
- ✓ Easy access to customer portal
- ✓ Prompt response to call out requests
- ✓ 24/7 alarm monitoring managed in-house at our headquarters

Our confidence in your service delivery continues to grow... we now use Churches Fire as the benchmark against our other contractors. ”

Ryan Jardine - Senior Property Manager
