FIRE & SECURITY FOR WAREHOUSES AND DISTRIBUTION

We have been supplying the best possible fire safety and security protection to businesses around the UK since 1992. Working directly with warehouse and distribution companies, our highly-qualified technicians, engineers and support teams are acutely aware of legal requirements and work alongside customers to ensure needs are met and compliance is upheld.

Both fire protection and security are essential aspect of a purpose built facility that cannot afford to be overlooked. The safety of lives, building and assets is vitally important to the day-to-day operation of any warehouse and distribution business.

Partner with us

Churches Fire & Security provides a broad range of fire and security services to customers across the UK. We are the only fully-integrated fire safety company who can deliver comprehensive fire protection, including fire alarms, emergency lighting, dry and wet risers and in-house sprinkler servicing, maintenance and installation, negating the need to go to a third-party supplier. We also offer comprehensive security products and services.

We work in close partnership with leading distributors such as Amazon and Toolstation.

Our nationally positioned technicians, commitment to customer service and continued improvement plans provides businesses with a service they can rely on.

ABOUT US

Churches Fire & Security is a fully-compliant and third-party accredited company, guaranteeing quality assurance throughout all of our work.

Nationwide reach - We boast a team of over 270 dedicated and multi-skilled fire and security technicians based nationally to support your fire safety and security wherever you are based.

Providing a safe pair of hands since 1992.

A UK company with a local presence, we work with clients of all sizes to fulfil fire safety and security requirements with minimal disruption to day-to-day business.

Under The Regulatory Reform (Fire Safety) Order 2005, employers, landlords and business owners in England and Wales are legally responsible for the fire safety of anybody who works at, or visits their premises. In Scotland this is known as The Fire Safety Regulations 2006.

With a strong focus on customer service and a professional approach to compliance, we work hard to partner with our clients, enabling them to protect their staff, property and assets from the risk of fire and theft through long-term partnerships.

We make sure standards are met and procedures are understood by everyone. Curating scheduled servicing to comply with British Standards and meet business requirements, we are here to support you.

The breadth of service and maintenance we are able to offer is second to none.

Third-party accredited - We are a highly-accredited organisation providing comprehensive fire and security protection, including sprinkler services, without requiring a third-party.

Tailor-made technical solutions - We go the extra mile for our customers, providing the best products and services suited to their business.

Dedicated team - In 2023, our team of technicians completed over 86,000 calls, including routine maintenance.

First-class service - Our team looks after the fire safety and security for over 29,000 customers nationally.

Industry-leading customer portal - Providing management information, key documentation, invoices and certificates..

Complete fire and security care - Offering an extensive range of fire and security services and 24-hour call out service.

Trust Churches Fire & Security with the protection of your property. Contact us today on **0370 608 4350** to discuss your requirements.
